

Supply List for Kathy Litwin Painting Class Rochester Community Education

For painting:

Utrecht, Gamblin, or Rembrandt are good brands of oil paint. I don't recommend purchasing student grade paint unless that is what you already have. They have less pigment in the paint, which results in less tinting strength. If you want to go with water mixable paint -Windsor Newton makes good quality paint.

- Large tube of white paint, flake white replacement or titanium or permelba is good
- Cad yellow medium
- Cad Red medium
- Alizarin Crimson
- Ultramarine Deep
- Ivory Black
- We will add more colors along the way as needed
- An array of flat and round brushes sizes. I would suggest a flat #1 or 2, 4 and 9. A round 1, 4, and 8. I prefer boar bristle brushes.
- Brush cleaner container
- Odorless mineral spirits for oil painters
- Extender, retarder or medium for acrylic painters
- Water soluble medium for water mixable oil painters
- Panel or stretched canvas. I have been painting on canvas panels successfully. Recommend 8x10, 9x12
- Disposable Paper palette 9x12 or 12x16
- Palette knife, metal knife is preferable to plastic
- Roll of paper towels
